RE: 9844 Tanglewood Rd. Franktown---- Skylight replacement

Dear Mr. Packard:

I am writing this letter to express our appreciation for the response time and the quality work that Dave delivered at the 9844 Tanglewood Rd. residence. On very short notice your company delivered outstanding performance and product. This allowed EDI to complete the project on the scheduled completion date. This would not have been possible without Dave's quick response.

We appreciate your commitment to business excellence and thank you for your service.

Sincerely yours,

Scott Lackas, Vice President

Jesse Cannon, Project Manager
